Business Link Consultancies

Starting a business in Dubai or anywhere in the UAE is a complex process and must be managed by an expert. Business Start-up Consultants or Business SetUp Advisers are the best way to guide you through the process of establishing a business in Dubai.

OUR HISTORY

The front runner of business services, we offer tailored solutions to start, build, and grow your business in Dubai and UAE. Our holistic approach covers end-to-end business services to provide a one-stop destination to all corporate business setup needs and beyond. Establishment, corporation, documentation, certification, legalization, and tons of other services with reliable support and guidance is our area of work and expertise. We have an experienced team of professionals sound in labor, immigrant, foreign affairs, municipal, and other laws to assist our clients far and beyond.

We do, what works for you and moreover what works for you better!

Establishment, corporation, documentation, certification, legalization, and tons of other services with reliable support and guidance is our area of work and expertise. We have an experienced team of professionals sound in labor, immigrant, foreign affairs, municipal, and other laws to assist our clients far and beyond.

**YOUR ONE STOP DESTINATION TO START
YOUR BUSINESS IN THE UAE**

Business Link Consultancies

WHY START A BUSINESS IN THE UAE

The UAE has Transformed itself from a local trading nation into one of the most successful countries in the world

Company Registration in the UAE increases profitability by reducing tax liabilities

The UAE enjoys a centralised time zone that overlaps East and West business hours

All the Emirates have ambitious Governmental bodies which continually improve regulations and offer incentives to encourage foreign investment

The UAE has the most advanced physical infrastructure in the region with excellent transportation and shipping links, airports, roads and public transport

FIVE EASY STEPS TO START YOUR BUSINESS IN THE UAE

01

Send us a quick inquiry or book an appointment

02

Submit your details & we will work on your documentation

03

Make the initial transaction and payments

04

We take care of all your business setup procedures

05

Collect your business license

PROFESSIONAL ADVICE

Business Link Consultants employs professionally trained consultants to guide you and give advice on relevant business setup services.

Whether a business has just partnered or has been connected with Business link consultancies setup for many years, our consultants work professionally and efficiently to help drive and grow business

SETTING UP A COMPANY MADE EASY

We pride ourselves on a simplistic formation process. This leaves clients to focus on what matters creating connections. Understanding market needs and generating leads. Having setup more than 25,000 companies since 2001 we know what processes lie ahead for a business to form, saving people time as well as money.
